Hi,
Can I get a drawing of the following.
VWT18B/VCBB48 over two VCB124 open cabinet bases/ VWT18B
Show on a dolly frame with casters, a common front top ledge and a common stub back.

The unit is 84" long.

It is item #5 on the quote if you need that. The gas line is in the charbroiler only.

Let me know if you have any questions.

Thanks
Nan
