Subject: New 4-Series - Gateway's High School (Craig) - Due=Best Available

Hello,
Sales has an urgent request for renderings and drawings for 4-series units for the Gateway's High School project.

I have attached the following:

1. Quote (see for specification details).
2. Concept drawings started – C-12832

Here is the ONLY change for this drawing request – the top shelf on the Access adjustable breath guards is requested to be 11.5" (front to back) on units 2 and 3. Is it possible for someone to make the change in Concept?

Requested deliverable = Rendering and Drawings

Please let me know if you have any questions.

Thank you,
Sheila
