Hey!
 This is going to look really strange – but could you put this design together when you get a chance? They wanted a 48" Rapid Recovery Griddle, but we do not have one of those, so they need to get 2-24" plates instead.
 They have a 48" reinforced riser and a 48" Cheesemelter as well. Let me know if you have any questions!!

Thank you,
 Roxanne Holt (she/her)

Josh,
 Yup – that's what they submitted. Do you want to deny?

We do not have an option for a 48" rapid recovery plate.

Who is requesting this?
 Thank you,

Roxanne Holt (she/her)
