Hello David,

Please see link below for updated specs on 27 slicer and 29 conveyor oven.

For the dishwashers it will be the conveyor on the main floor, and AM16VLT in basement and 4<sup>th</sup> floor.

The 4<sup>th</sup> floor is understandably small in size so will need to be scaled back. Lets concentrate on Main Floor and basement, and I will get them to identify the priority items for the 4<sup>th</sup> floor kitchen.

Thanks
