David,

Could you put together a spec sheet for the units below on casters with overlapping FTL:

VGT18B  
V6B36S  
36RB-N

Thank you,  
Roxanne Holt (she/her)

Roxanne,

Yes the salamander is to be mounted on a reinforced riser over the 6 burner.  
Please show the overlapping front ledge.  
Casters please.

Thanks for your help with this,

Nick,

Do you want the Salamander over the 6 burners unit?  
Do you want the salamander on a reinforced riser or wall mounted?

Do you want us to show this unit with an overlapping Front Top Ledge?  
Do you want us to show this setup on legs or casters?

Thank you,

Roxanne Holt (she/her)

Subject: [EXTERNAL]Tula's Albuquerque

[EXTERNAL]

Roxanne,

I have a regional chain customer that is building a new concept here in New Mexico. Their architect has requested a drawing and a spec sheet outlining power/gas requirements for a HD unit composed of three pieces. I sent all three individual spec sheets but he is not comfortable signing off on it on the plans as three individual pieces. Is that something you can help me with?

End User:  
Tula's Restaurant Albuquerque (Dion's Pizza)

Dealer:  
McComas Sales

Architect:  
Peter Butterfield

Models:  
VGT18B  
V6B36S with 36RB-N on Reinforced riser.

Thanks,
